

La Visiva is a space for creation with the focus on the language of the body. At La Visiva we want to approach every stage of the creation process and offer a space where all these stages can be developed and put in dialogue with the audience. We are interested in offering a kaleidoscopic view of the body, approaching it through different contexts: workshops, showings, residencies and dialogues, also opening them to other artistic disciplines.

OPEN CALL: LA VISIVA RESIDENCIES 2020

For the second consecutive year we open La Visiva's doors to makers working in the field of movement and new scenic languages. With these residencies we want to give support to creations, offering a space for work that allows for the artists to explore, experiment, discover, construct and share their particular universe. We will host 3 artistic projects in the period from June to October 2020.
